Canter – a three-beat relaxed and smooth gait with a natural, forward moving stride.

Extended Canter – The extended canter is not a run or a race but an obvious lengthening of the three-beat gait. It should demonstrate a forward, working speed.

Contestants may not enter the ring at a run for any of the classes. All horses will be assigned a number by the club. Riders will not crowd their horses around the gates or the announcer's booth. Riders must be ready to enter the ring when their class is announced (unless a 3-minute tack change is needed). In all speed events the exhibitor will give his/her assigned number to the gate official before entering the ring. The judge or club officer will view the timer during timed events and call out the time.
